

*It is with great pride and pleasure we present to you the complete line of
“Distinctive Stone Statuary, Inc.”*

Come along with all of us, Greg, Sonny, Gary, Marvin, & Jason, as we introduce to you what we consider to be “our family tradition”.

Distinctive Stone Statuary, Inc. is a family owned and operated business with roots in the manufacturing of ornamental concrete dating back to 1962. The heritage of the Bechstein family runs deep in the state of Florida, spanning three decades of superior craftsmanship in the art of statue making. It is this commitment to excellence in the creation of stone statuary products that has made the name “distinctive” synonymous with the finest of quality hand crafted concrete products available throughout the southeast.

Color is the key to satisfying each and every customer no matter how distinguished their tastes may be. It is here that the “distinctive look” can truly work for you. Make your selections from the wide variety of unique products showcased throughout this catalogue. Choose from a “distinctive original”, sure to compliment any garden setting, or an old standard, still popular after all these years. Every piece is depicted in its most complimentary color based on sales popularity and our experience as artisans. However, we urge you to choose any one of the finishes available on the items you select to ensure the most suitable look for you and your customers.

We dedicate this book to the memory of the late Eileen Bechstein while thanking her for breathing the lifeblood of pride in craftsmanship that we carry with us to this day.
